

# Reasons to Believe....Power Stop product quality, features and benefits surpass all competitors!

## Z17 Evolution Ceramic

- Over 900 part numbers of premium ceramic.
- Thermally scorched for fast break in.
- Rubberized, attached shims.
- Stainless steel hardware kit in EVERY box!
- No noise or visible dust.
- Daily driver, all makes, all models. Consistently great performer.

## Z36 Extreme-Severe Duty

- Carbon Fiber infused ceramic.
- Truck & Suv coverage.
- Thermally scorched for fast break in.
- Stainless steel, attached shims resist high temperatures.
- Stainless steel hardware kit in EVERY box!
- Severe Duty stopping power without the noise or visible dust.
- Towing or daily driver upgrade for Trucks.

## Drilled & Slotted rotors

- Drilled & slotted rotor upgrade from OE.
- Drill holes provide up to 200 degrees cooler operating temperature.
- Lower temps eliminate pulsation problems and brakes last longer.
- Provides greatly improved stopping power.
- Silver zinc-dichromate finish for protection against the elements.
- Perfect for towing or daily driver upgrade.
- Can be machined

## Euro-Stop OE Brake Kit

- 90% of European vehicle population at 60% savings vs. dealer price.
- ECE-R90 Certified rotors and pads.
- Kit contains:
  - One axle set of Pagid OE brand brake pads.
  - One axle pair of High Carbon OE spec rotors.
  - BOWA OE wire wear sensors, made in Poland. (where applicable)
  - Stainless steel hardware kit.
- Rotors are high carbon as required for European vehicles and fully coated with genuine GeoMet® 360 for long lasting protection.

## Evolution fully coated rotors

- Over 400 part numbers of premium OE spec rotors.
    - Full weight, long life.
    - OE vane configurations.
    - Precision machined, mill balanced. Euro apps are High Carbon
    - The entire rotor is treated with a thin layer of genuine GeoMet® 360 coating.
      - Coating protects against rust and corrosion without influencing braking performance.
- Note: Evolution coated rotors are currently special order only.

Selling points that some competitors offer
